

Appcelerator CLI 7.0.4.RC Release Note

Appcelerator CLI 7.0.4.RC - 7 June 2018

Appcelerator CLI 7.0.4 is a patch release that includes one bug fix.

This release primarily focuses on GDPR compliance and implementing them in the Analytics API.

As of this GA release, the previous CLI patch release is no longer supported. Note: major and minor releases continue to be supported according to their nominal lifetime. See [Axway Appcelerator Deprecation Policy](#) and [Nominal Lifetimes](#) documents for details.

GDPR

With the enactment of European Union's General Data Protection Regulation (GDPR), we've updated our Privacy Policy and the way Axway collects and processes personal information. We welcome this change and understand the importance of data privacy as a human right. We are taking this opportunity to strengthen our global practices, expanding our robust data privacy practices, and will continue to support data privacy compliance.

For more information, please refer to Axway's [Privacy compliance program](#).
