- Fixed issues
- API changes

About this release

Titanium SDK 7.4.2.GA is a patch release of the SDK, addressing high-priority issues from previous releases.

As of this GA release, the previous Titanium SDK patch release is no longer supported. End of support for this version will be 2019-06-19 or until the next patch release. Note: major and minor releases continue to be supported according to their nominal lifetime. See Axway Appcelerator Deprecation Policy and Nominal Lifetimes documents for details.

Community credits

- Carlos Henrique Zinato - TIMOB-26391

Fixed issues

- TIMOB-26391 - iOS: App randomly freezes on iOS 12 beta when using built-in JSCore

API changes

There were no API changes in this release.
